Process transactions easily with our secure virtual terminal, ideal for remote or over-the-phone payments, ensuring flexibility and reliability.

Credit Card Terminals

Choose from a range of secure, EMV-compliant credit card terminals that offer reliability and ease of use for any business environment.

Website Processing

Accept payments directly on your website with our secure e-commerce solutions.

The Platinum POS Program:

Ditch Processing Fees & Qualify for a Free POS System

If you're like most business owners, you're losing thousands each year to card processing fees, from 2.25% to 3% on every transaction.

The Platinum POS Program flips that script. By switching to dual pricing, you can eliminate up to 100% of those fees and turn those savings into real, revenue-boosting upgrades.

Get everything you need to save on fees and stay compliant with card processors:

- Expert consulting on implementing dual pricing for your business
- Free or heavily discounted premium POS system
- Upgraded menus
- Comprehensive training

Contact us for hyper-competitive pricing with next day and same-day funding for lightning fast deposits. We'll get you the best solution for your needs and be the last change you'll ever have to make.
